Re: Dr. Gerald Wissel/Airborne Consulting Hamburg GmbH

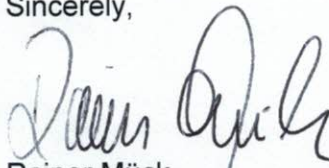

To whom it may concern:

Within the last 10 years MMP and Airborne worked together for various clients to improve strategy and organizational structures as well as to evaluate and build up new businesses. Over this time MMP was running several international consulting and M&A projects with different partners.

The cooperation with Airborne has always been very professional and success oriented. Airborne is characterized by a high degree of reliability, innovation, professionalism and extensive industry knowledge. Gerald is a hard worker with a clear focus on the success of the project. He is a perfect leader who never gives up even in very difficult situations. Gerald leads a highly capable team with diverse backgrounds. I have personally witnessed the results of projects they have undertaken for clients by developing business strategies and structures that have been successfully implemented and maintained.

In any case we need a partner with strong strategic skills and a high expertise especially in the aircraft industry I can highly recommend Gerald and the team of Airborne consulting. With his extraordinary network, media contacts and the pragmatic and goal-oriented way of work he is one of the best consultants I ever worked with. If I can be of additional assistance, I can be reached at +41 79 5449463 or mueck@mueck-partners.com.

Sincerely,

Rainer Mück
