To whom it may concern,

I've known Dr. Gerald Wissel for over 10 years and worked together with him during my job as Executive Vice President Marketing & Sales Lufthansa.

Gerald is an outstanding consultant with sound knowledge in aviation. He always works very structured and goal-oriented. The cooperation with him has always been constructive, cooperative and successful. Gerald is able to quickly understand the most complex interrelationships of all kind of companies and organisations and to transfer them into concrete and feasible solutions.

When it comes to organisations that have become leading aviation experts and motivators for positive change management in recent years, Gerald's company, AIRBORNE Consulting Hamburg GmbH, is at the forefront.

In particular, their assessments and opinions have not only been valued by various companies around the world, but they are also highly regarded by industry, government and the media.

Gerald is a strategic leader that employs a team that shows great passion for their work.

A trusted referral is the AIRBORNE Consulting Hamburg of all kinds of aviation consulting. If I can be of additional assistance, I can be reached at thierry.antinori@emirates.com.

Sincerely,

Thierry Antinori
